

April 11, 2018

FINE Mortuary College is a private 2 Year college located in Norwood, MA. We have been actively educating Funeral Service professionals since 1996. We are accredited by the American Board of Funeral Service Education (ABFSE) and are approved to award the Associate of Applied Science in Funeral Service degree by the Massachusetts Board of Higher Education.

Over the last 22 years, we have made it our goal to assist all those interested in pursuing a profession in Funeral Service. We would like to introduce ourselves as a possible choice for the Mount Ida Funeral Service students who are currently looking for a place to complete or start their Funeral Service Degree.

To make the transition as easy as possible we are committed to the following:

- Offering daily appointments for individual campus tours, academic advising and financial aid appointments
- Waiving the \$75.00 application fee for all Mt. Ida transfer students and Fall 2018 Mt. Ida accepted students.
- Providing expedited acceptance decisions on all Mt. Ida transfer students and Fall 2018 Mt. Ida accepted students.
- Providing expedited Financial Aid Award Letters and Cost Breakdowns to Mt. Ida transfer students and Fall 2018 Mt. Ida accepted students.
- Reviewing all current Mt. Ida student's transcripts on an individual basis to ensure they receive the proper credit for classes already successfully completed which match our curriculum and ABFSE standards.
- Working to develop partnerships with other universities to establish articulation agreements for students who wish to pursue their bachelor degree upon completion of their AAS in Funeral Service through FMC.

We will be able to provide each Mt. Ida student an opportunity to complete their Funeral Service degree and welcome them into our community and family at FMC.

To get more information on FINE Mortuary College, you can reach out to us directly at 781-762-1211 or go to our website at www.fmc.edu.
